Canteen Available for Club Hire

We are pleased to advise that the Dogs West canteen is once again available for club use.

Following the replacement of the hot water system, the facility is now ready for operation and provides clubs with another opportunity to support their fundraising efforts.

To encourage clubs to make use of this facility, the canteen hire fee has been set at $50 per day. The BBQ is also available for hire at $47 per day, allowing clubs to operate both facilities for under $100.

Priority for Use
Clubs conducting sanctioned events on a particular day will have first priority to hire and operate the canteen.

Where a club wishes to operate the canteen as a fundraiser on a day when another club is conducting an event, approval must first be obtained from the host club. This recognises the long-standing arrangement that the host club has the first opportunity to provide catering at its events.

It has been encouraging to hear suggestions from clubs about working together to maximise fundraising opportunities. Clubs are encouraged to collaborate where possible, with host clubs inviting other clubs to assist with operating the canteen or sharing fundraising opportunities.

By working together, clubs can support one another while ensuring members and exhibitors continue to enjoy catering services throughout the year.

Booking the Canteen
To book the canteen, clubs are required to submit the Canteen Hire Application Form and review the Canteen Hire Conditions of Use prior to submitting their application.
