I warmly welcome all our members to 2023 and hope you had a fun and safe festive season. January is a special time where we can reflect on 2022 and decide what we want more and less of in our lives in 2023.

Personally, I look forward to injecting more fun into my everyday life. 2022 brought some difficult curve balls that zapped the

fun out of me but ultimately brought me here to Dogs West, a place full of possibilities!

I choose to enter Dogs West grounds everyday with the deliberate intention of fun, curiosity, kindness, and integrity. I look forward to working with the membership and Governing Council on a range of projects that explore Dogs West's potential and see what big goals we dare to set for our future.

If you haven't already pondered over 2022, I encourage you to do so. What do you want more or less of in 2023? What of that can you bring into the shows, trials, and other activities to create a stronger, more united Dogs West?

Marzel Norton, Chief Executive Officer

Happy New Year. Wishing you and yours a safe, healthy, and fulfilling 2023.

Our CEO Marzel has raised a great question in her report in her last paragraph.

Dogs West is a Member organisation, and without your positive engagement in your chosen activity our Association will not thrive or grow.

In the last couple of months, I have spoken to some of our Members who continue to volunteer significant time and expertise in our many activities, and the word I often hear is "tired". If more Members gave just a small amount of volunteer time in a year, it would make such a difference to everyone.

Kindness and consideration are free and go a long way to create a positive atmosphere at any event; we can all help to make our events, wherever they are, welcoming for all our Members and visitors and encouraging for newcomers.

If you have any ideas or suggestions, please don't hesitate to contact myself, Marzel, or the Office, we welcome your input.

Our next Open Day in April will be upon us all soon and I encourage everyone to be engaged to make it another outstanding success for Dogs West.

"Act as if what you do makes a difference. It does." William James

TRACEY BARRY - ADMINISTRATOR

Canine arthritis

Arthritis is one of the biggest causes of early euthanasia in dogs, and a significant welfare concern in our canine companions. 80% of dogs over the age of 8 years have arthritis, a staggering 35% of all dogs over the age of one show arthritic changes, and up to 33% of all dogs suffer some degree of arthritis (www.caninearthritis.co.uk). Contrary to popular belief, arthritis is not a disease of the older dog-younger dogs, sometimes as young as 6 to 9 months, are frequently affected. One of the biggest causes of arthritis is developmental joint abnormalities such as hip or elbow dysplasia, which are often already present at a very young age.

Arthritis can't be cured, however by identifying it early and managing it well using a multimodal approach, fortunately we can slow the progression of the disease.

There can be no doubt that arthritis is painful. Dogs show pain through their behaviour, gait (ie how they walk and move), posture and body shape. Changes in any of these are often caused by pain. Some signs of pain can include being reluctant to go for walks or slowing down during walks, hesitating when jumping onto or off furniture or into and out of the car, licking their joints, or panting. Other changes that can be caused by pain include being less tolerant of handling (eg at groomer or vet), becoming reactive to dogs or people, developing noise sensitivities, altered gait or posture, a change in coat patterns, changes in behaviour, gait, posture or capability, and muscular changes. Often the disappearance or reduction of a previous behaviour, such as no longer greeting you at the door when you arrive home, or not jumping onto the sofa where your dog previously liked to sleep, can indicate pain.

By the time a dog limps they are in significant pain-so if you notice other subtle changes please see your veterinarian as soon as possible. Please also be aware dogs with chronic pain such as that caused by arthritis will not yelp or cry-they will simply get on with their daily lives, and cope as best they can. Owners need to be vigilant and notice subtle changes that can indicate pain.

Arthritis can only be diagnosed by a qualified veterinarian. This can be done via a physical examination, which will often (and ideally) be followed by imaging such as X-rays or CT scans to confirm the diagnosis. Once arthritis has been diagnosed, the best starting point for the treatment plan is your veterinarian. Arthritis hurts-so pain relief is crucial. If a dog does not have sufficient pain relief, he will alter his gait and posture to compensate for the pain. This will lead to issues in other joints, leading to further impairment in movement. Your dog will be less willing to move if he is in a lot of pain-and gentle movement is essential for keeping joints lubricated and functioning. If pain is not sufficiently managed, eventually your dog will not want or be able to move due to their level of discomfort.

These days lots of effective and safe medications are available to help manage the pain associated with arthritis (Fox, 2017, p. 43). The gold-standard is non-steroidal anti-inflammatories (NSAIDs). Please don't be afraid to use them-lots of research has proven NSAIDs to be safe and effective for pain relief when used long term, and side effects are rare. Although the starting point is

usually an NSAID, multiple medications used together are often most effective at managing pain, particularly as the arthritis progresses. Being observant of your dog and his behaviour, and keeping your vet updated about your dog's health, will ensure you can add more medications when needed. Bear in mind that medications don't usually "stop working"-as the arthritis progresses, more medications will need to be added to manage your dog's pain. Arthritis also waxes and wanes-flare-ups can occur at times, and may require more pain relief for a period of time. Monitoring your dog's health and noticing small changes means you will know when more pain relief is needed.

Many people wish to use supplements instead of prescription medications to manage pain, believing that "natural" is safer. This is unfortunately not true. The supplements industry is huge, and a lot of money is spent on advertising. However it is also unregulated-so any company can claim anything without needing evidence to back it up. The supplement which currently has the strongest evidence supporting its use is marine-based Omega 3, and even this has to be given in high enough quantities to be effective. If your dog is in pain, please talk to your vet about using evidence-based prescription medication.

Managing arthritis does not stop at pain relief. There is so much more you can do to help your dog! One of the most important interventions is keeping your dog nice and lean-ideally a 4 ½ on the Body Condition Score chart. Over 50% of all dogs are overweight-you should aim to keep your dog leaner than the average dog on the street. This will reduce the pressure on arthritic joints and allow your dog to keep moving comfortably. It will also save you money as you spend less on food and treats!

There are also simple modifications you can make at home which will make a significant difference to your dog's mobility and help slow the progression of arthritis. One of the most important modifications is ensuring flooring is non-slip. Using rugs, runners or yoga mats around your house will give your dog better traction, minimise the chances of slips, trips and injuries, and hence reduce the likelihood of painful flare-ups. If you are unable to cover all your floors, then at least placing non-slip rugs or yoga mats in the high-traffic areas your dog uses frequently, such as to his food and water bowls and the back and front doors, will still make a big difference. Flooring around and under his food and water bowls should also be non-slip. Your dog is most vulnerable when he first gets up off his bed-so ensuring safe flooring around his bed is especially important.

Ensuring your dog has a safe, quiet and dry place to sleep is important-as is ensuring his bed is appropriate. Ideally the bed should be reasonably firm and supportive, with clear and well-defined edges. There should not be any sheets or blankets on your dog's bed as he could easily trip on them, causing injury. Does your dog jump into and out of the car? If so, teach him to use a ramp to minimise the impact on his joints. Stairs are best avoided, as they become increasingly difficult for dogs with mobility issues. Using baby gates to block access to stairs is sensible. Otherwise using a supportive harness to help your dog navigate stairs can help make them safer.

Give consideration to the activities your dog participates in. High-impact activities such as fetch or other activities involving sudden stops and starts, turning and jumping, put a lot of stress on joints and are best avoided especially if your dog has arthritis (even if your dog willingly participates). Gentle walks at your dog's pace, scent work, tracking, Hoopers and trick training are low impact activities that keep your dog moving gently and help you build a strong bond with him. Keeping an arthritic dog moving is crucial-gentle frequent movement is best. 2-3 short, slow walks a day are better than one long walk (and make sure distances are similar each day, rather than doing huge walks on weekends).

Complementary therapies such as hydrotherapy, massage, acupuncture and physiotherapy can also help to keep your dog's joints moving and slow the progression of the disease. Please make sure you check the qualifications of any therapist you use. Your vet will be able to make some recommendations.

Enrichment activities such as food scatters, Lickimats and food puzzles can help improve your dog's quality of life as he engages his brain to solve the puzzles, and also distract him if he is experiencing pain. There is no need to spend

Canine arthritis cont...

lots of money on enrichment-many items from your recycling bin such as egg cartons can be used for enrichment by hiding food in them. Please supervise all enrichment activities.

Finally, objectively monitoring your dog's health is really important. Using a diary to note how your dog is doing each day can help you track the progress of the disease and evaluate whether medications and therapies are helping or not. Picking some markers for good and bad days (such as did your dog greet you at the door when you got home, how many times did he do a happy roll in the grass, did he not want to go for a walk or did he only want to go on a short walk) can help you keep track of how many good and bad days your dog has.

And remember-arthritis is not the end of the road-it's just a change in direction!

Additional Handler to Assist with Showing

CAWA Regulations state:

B23.3.2: The handler of any exhibit in the show ring may not be replaced by a handler from outside the ring during the period of judging, except with permission of the Chief Steward (or in his absence the Ring Steward) and with the approval of the judge.

Where a member requires assistance to exhibit their dogs - on a temporary or permanent basis - the Governing Council has approved the use of a form (available on Dogs West website and in the show office) or a 'Handler Assistance Card', issued by the Dogs West office, worded "Allows the card holder to use a replacement handler when required".

Members who require assistance in the short term should complete a copy of the Replacement Handlers form and lodge it with the relevant Chief Steward prior to commencement of judging.

Members wishing to apply for a 'Handler Assistance Card' due to an ongoing health issue will need to apply in writing to the Dogs West office and include a copy of a medical certificate stating the period of disability.

These cards were introduced to assist members with ongoing health issues which prevent them from moving their dog(s), or limit the number of dogs they are able to handle.

It was intended that

- the exhibitor with the card to enter the ring to set the dog up, with another handler moving the dog(s) when required by the judge
- or
- the exhibitor with the card able to exhibit one dog, however if having multiple dogs entered they set the other dogs up with another handler doing the moving

The Handler Assistance Card' must be presented to the Chief Steward or Ring Steward at the event.

2022 Perth Royal Show Highlights

2022 Royal Show dog events attracted the largest number of total entries in many years with well over 2100 entries.

The spectator numbers were also strong with busy periods of people watching the events and walking through the exhibitor area meeting and talking to breeders and exhibitors.

Conformation entries reached nearly 900 entries per show, making the Royal Show event the biggest in WA two years in a row.

The Performance area delivered 360 competitive runs and added the new discipline, Scentwork. This had fantastic support from both competitors and the viewing public. Disciplines involved over the week were Agility, Obedience, Rally, Tricks, Dances with Dogs and Scentwork.

Below are some of the winners and Judges from the 2022 competitions

MEMBER SPOTLIGHT

Celebrating the commitment and achievements of Judges and Junior Handlers.

Baya Draper – Junior Handler

Name and key achievements

Hi. My name is Baya Draper and I am only 16 years old, I am 2020 state finals champion winner, 2022 state finals champion, as well as runner-up national champion of Australia for 2022. I have titled multiple dogs and I hope to become a judge for all 7 groups.

Tell us a little about your background with dogs?

I've always had dogs since I was little.

I always love training with the dogs and just going out with them everywhere.

What year did you start to train to become a Junior Handler?

I started in middle of 2017 and ever since then have never looked back.

Why did you decide to train to become a Junior Handler?

I just loved the idea of being with the dogs.

What do you enjoy most about being a Junior Handler?

I love that I can handle all different breeds and learn about different ways of handling all different types of ways as well.

What hobbies do you have, if any, apart from canine activities?

My life just evolves around the dogs. I am now helping with husbandry, breedings, whelping litters and learning to care for neonates as well as specialty showing.

What's next for your canine career?

Hopefully becoming a judge with all 7 groups as well as becoming a breeder.

Dogs West is continuing to seek opportunities to showcase the organisation and the great people in our membership group.

Want to nominate a Judge or Junior Handler to be in a 2023 issue? Please send to K9@dogswest.com. Submissions reviewed and chosen by the CEO.

TOP OPEN SHOW DOG OF THE YEAR

Qualifying Period 1st January and 31st December

- Points are awarded at **ALL BREEDS OPEN SHOWS** only.

If a dog is a champion when it gains its first points then it is ineligible to enter competition. But if it gains its title during the year it is able to continue in the competition.

There are 2 scales of points – METRO SHOWS AND COUNTRY SHOWS

METRO SHOWS

| | |
|--------------------|-----------|
| BEST IN SHOW | 10 points |
| R/Up BEST IN SHOW | 6 points |
| CLASS IN SHOW | 2 points |
| BEST IN GROUP | 5 points |
| R/Up BEST IN GROUP | 3 points |

COUNTRY SHOWS

½ the points from the above table

- Only the points from the best result are recorded
- For example – a Best in Group win + Best in Show the dog is only awarded 10 points.
- Points to be calculated from the catalogue of the event submitted to the office.
- At the end of the year the dog from each group that has the most points is invited to the Final.
- If there is more than 1 dog on the same number of points – a count back is taken and the dog which has been awarded the highest award is deemed to be the winner. It is deemed that a Best In Group or Runner Up In Group award is higher than a Class In Show award.
- The judging panel consists of 3 Trainee Judges who are eligible to judge General Specials.
- If any dog is unable to attend the 2nd place dog is then invited.

STATE RETRIEVING

The 2022 West Australian State Championship Retrieving trial was held over the weekend of 27th and 28th August, at a private property near Jennacubine. Our judge was Michael Mason, from South Australia, and the very capable Allan Bartram assisting as Trial Manager. We had two days, consisting of a total of six runs, for the competitors to tackle. Twelve dogs were entered for our final trial for the season, and with just an early shower on the Saturday, then fine weather for the remainder.

Run one, a doublerise and a two bird, had a well sighted mark amongst scattered trees, and splashy ground to cover to retrieve all three of the game. Unfortunately, four dogs did not complete this retrieve, and so eight dogs continued on to the second run, a doublefall. Again, shallow water over the ground to the mark, and the doublefall was immediately thrown as the dog was sent from the handler. This proved too much temptation for a couple more dogs, who ran in and picked up the incorrect bird, and so for the third run, we had six dogs still in the competition. Run three consisted of a walkup, at a pond, at which two shot were fired. One bird landed in the water. The other, a duck, flew on wounded to fall at a stump on the opposite bank of the pond (this was then the blind). Handlers then proceeded to the firing point and fired at a mark straight ahead and off the left bank of the pond. Pickup was the blind, the bird in the water then the land mark. All the dogs completed this run.

Then run four, the last of the day, was in true duck hunting country, again with six inch water over the run. This one was a double blind and mark, using a duck for the left hand blind, a pigeon for the right blind, and pigeon for the mark inbetween. One more dog unfortunately was unable to complete all the retrieves, so five dogs remained in to continue to day two and the final two runs.

Sunday arrived with a fine day, and we moved to another area where the water runs would be conducted. Run five, consisted of a walkup mark to the right of the handler landing beyond a large bank of salt bush, with a body of shallow water to cross. The handler with dog at heel then proceeded towards another peg, and about fifteen feet in front, a rabbit jumped up and ran, which was shot at and wounded. Squealing, the rabbit continued on out of sight. Dog and handler then proceeded to the last pegs, and lined up for a very high mark, across the trail that the rabbit left, and out of sight of the handler. This was the go bird, followed by the walkup mark, then the wounded rabbit. One dog was lost on this run. Four dogs continued on to the final run. These were Paul Littlejohn (Tas) and his dog Blue, Lyn Wise (W.A.) and Ditto, Mark Jackson (W.A.) and Ozzie, and Kerry Webster (W.A.) and Tux. Three Labradors, and one working Cocker Spaniel.

Run six was a blind (mountain duck) across the river and along the bank. Then there was a walkup mark which was short and onto the opposite bank to the handler and left of the line to the blind, and then another mark to the right of the blind, thrown right to left and landing on an island. Pickup was blind, long mark, short mark. Unfortunately, Ozzie and Mark and Ditto and Lyn, were unsuccessful here, which was most disappointing. The other two dogs completed the three pickups and were the only finishers of the six run trial.

So many people to thank for the smooth running of this Championship, including the wonderful property owners for allowing us onto their land for another trial. Our judge, Michael Mason, for his friendliness, and fantastic runs over the weekend; Ray Johnson for negotiating the use of the properties for us; Allan Bartram for his time and effort in picking up the judge, transporting him around and being so efficient in having runs set and ready. Catherine Thorburn for being our Trial Secretary, and for AI and Catherine for accommodating our judge; Gun steward extraordinaire, Anne Cameron; and stewards over the weekend, Anthony Nesbitt, Terry Little, Dennis Graham, Mike McClure; and competitors who stepped in to help out, Ian Molyneux, Ray Johnson, and Judy Pannett. And, thank you to our sponsors of the event.

Thanks also to Maggie and Colin Hankinson who brought the guns, the shot, the birds, the perpetual trophies, and, supplied the portable toilet. And the State Championship working party who worked so hard over so many months to make this year's event a successful and memorable one. Alex Deasy, Mark Jackson, Ian Molyneux and Anthony Nesbitt, thank you all so much.

Eukanuba™

Multi BIS & BNIS & Best Class in Show Awards Touchofchow Team – owned by Janette Ursida-Mouroufas

‘OUR CHOWS HAVE EVERYTHING THEY NEED AND THEY LOVE THE TASTE’

Touchofchow in South Australia has been exhibiting Chow Chows for over 20 years and breeding for 10 years.

We breed to introduce worldwide stunning lines to better the breed here in Australia and we are achieving amazing success in and out of the show ring with both our smooth and rough coats.

Our puppies are given the best start to life being exclusively fed Medium Puppy and our adults are conditioned on Premium Performance Sport. We used to add supplements and vitamins to our dog food until we found Eukanuba™ which already contains biotin to help maintain glorious healthy coats for the show ring, folic acid for our reproductive mothers and glucosamine to provide cartilage nutrition and joint repair. With the addition of Eukanuba’s 3D DentaDefense, our Chows have everything they need and they love the taste.
