SECTION K - SANCTIONED AGILITY TRIALS

K1 CONDUCT:

Agility Trials sanctioned by the Canine Association of Western Australia (Inc) are conducted under the Rules as from time to time approved by the Australian National Kennel Council.

K2 ASSOCIATE DOGS:

In order to be entered in sanctioned Agility Trials an Associate Dog, as defined in Regulations Section "A" must be registered with the Canine Association of Western Australia on the Associate Dog Register and the owners must be Ordinary or Associate members of the Canine Association of Western Australia (Inc). **02/07**

K3 NOT FOR COMPETITION CLASS (NFC): 09/19

3.1 Summary

An NFC entry allows a dog to compete in any class in which they already hold a title and allows the dog to jump *at* a lesser height than it would normally jump.

3.2 Entry

3.2.1 The competitor shall nominate on the entry form under Entered In Class: "NFC"

plus the class they wish to enter (for example "Novice Jumping") and under Height at Shoulder they shall nominate the height they wish to be entered in (for example, a 600 dog can nominate 500, 400, 300 or 200). The handler/owner must state these three details (NFC, class and height category). 03/10

3.2.2 Trial Secretaries will include the entry in the catalogue with an "NFC" number and the entry shall be added at the end of the class nominated. 03/10.

3.2.3 The dog may be entered in a height that is lower than its competition height with the exception of the 200 dogs, but the dog cannot be entered in a height greater than it would normally jump.

3.2.4 The dog can only be entered in a class in which they already hold a title and may be entered in a class that is lower than its competition class with the exception of Novice dogs. The dog cannot be entered in a class higher than it would ordinarily be eligible for, for example a Novice titled dog could not be entered into a Masters class even though it would jump a lesser height. 03/10.

3.2.5 An NFC Entry is non-competitive, no cards of any kind (qualifying or non-qualifying) are to be awarded and an NFC entry will not be eligible for ribbons/trophies or prizes.

3.2.6 There will be no separate class, course or judge for a NFC entry.

3.2.7 The NFC entry cost shall never be more than 50% of the entry cost for a standard entry. If entry changed to NFC on the day there will be no refund of part entry fee.

3.3. Trial Procedures

3.3.1 The judge and ring stewards shall still perform their normal duties, however, no time shall be recorded for an NFC entry.

3.3.2 The judge shall ensure that the conduct of the handler and dog is appropriate and that the course is attempted safely within the rules of Agility and the capabilities of the dog.

3.3.3 When the handler enters the ring with their "NFC" number displayed the ring stewards and judge will be aware that this run will not be included in the timing or judging.

3.4 Strategic Pairs Substitution (05/11)

- 3.4.1 On the day of the trial, in the event that one member of a Strategic Pairs team is unable to perform, at the discretion of the trial secretary a substitute dog may be used.
- 3.4.2 The substitute dog must be already be entered in Strategic Pairs for that trial.
- 3.4.3 The substitute dog must be from the same class.
- 3.4.4 The substitute dog can be from a higher or lower height, however the team must jump the height of the tallest dog.
- 3.4.5 The substitute dog can only perform substitution duties once at any sanctioned event.
- 3.4.6 The substitute dog must compete with its original team first (the team with the substitute dog will run last in the height).
- 3.4.7 The competing dog will be eligible for a qualification card; however the team will not be eligible for a placing.
- 3.4.8 The substitute dog is not eligible for a qualification card in this pair (however, it is not precluded from qualifying with it's original pair).

3.5 Before the closing date for entries, one dog in the pair can enter NFC with another dog entered for competition provided it meets the following criteria:

- 3.5.1 The NFC dog must be from the same class (i.e. novice) OR
The NFC dog can be from the next class up provided it has not gained more than one pass in the higher class. (05/11)

Application can be made to the Agility Working Party for a dog to enter Strategic Pairs as NFC that has more than one pass in a class and wishes to join another dog in a lower class (e.g. if permanent loss of partnership has occurred, the NFC dog may be permitted to form a new team at a lower level until the competing dog has gained its title). (05/11)

Rules:

The NFC dog can be from a higher or lower height, however the team must jump the height of the tallest dog.

The entry fee for the team is the same as is if both dogs were competing.

The NFC dog must be CLEARLY stated on the entry form.

The NFC dog can only enter the Strategic Pairs event ONCE – it cannot compete for competition or as NFC in another team in the same trial.

The NFC dog can compete in other events at the same trial.

The competing dog will be eligible for a qualification card; however the team will NOT be eligible for placings.

The NFC dog is not permitted to take food or toys into the ring and must treat the run as if it were for competition.

Judging of the team will be as per the ANKC rules. (05/11)

K4 TRAINING OF JUDGES:

4.1 Board of Examiners

- 4.1.1 The Board of Examiners shall be appointed, as the need arises, by the Governing Council on the recommendation of the Agility Committee.
